

“Can these natural formulations play a central role in the management of your pet’s kidney disease?”

When Dr. Marcovici formulated Astro’s Oil in 2007, he focused on addressing the root cause of kidney function loss that all the various forms of kidney pathologies had in common, namely, **inflammation**.

He understood that inflammation, the bodies natural defence mechanism against infection and free radical damage can at times spiral out of control and his research had demonstrated that certain molecules ingested in the form of fats, can and do, play a central role.

Dietary imbalances in Omega 3 and Omega 6 can lead to chronic systemic inflammation and some organs are more sensitive to inflammation than others. Kidneys are structurally delicate organs, particularly in cats. Inflammation affecting nephrons (the main structural units of the kidney) can rob the kidneys of function.

Left unaddressed, inflammation spreads throughout the kidneys and once 75% of nephrons are affected, symptoms of kidney disease begin to appear. However, if inflammation is correctly addressed and controlled, **kidney disease can be slowed** and **kidney function lost to inflammation, RECOUPED**.

About Astro’s Oil

Astro’s Oil™ is a manufacturer of a unique line of Natural Super Premium Formulations and Nutritional Supplements developed by a MD to help Optimize Kidney Health and Support Normal Kidney Function in cats and dogs.

Astro’s Oil™ Products are combinations of pharmaceutical grade natural concentrates that support the kidney health of cats and dogs.

Astro’s Oil™ products are 100% natural with no negative side effects. They can be administered concomitantly with all medication and/or supplements commonly prescribed by vets.

Astro’s Oil™ products are excellent supplements for healthy pets as well, they promote long term systemic vitality that include the GI Tract, Heart, Pancreas and kidneys.

ASTRO'S OIL

**Optimal
Natural**
**Renal & Heart
Care**
for
Cats & Dogs

Since 2007

Astro's Oil™ Advanced Renal Care Formula is the 3rd generation of the formulation introduced in 2007. It is designed to address inflammation of kidney tissue before it can progress to scar tissue with permanent loss of kidney function.

- 100% natural with no negative side effects.
- Contains Omega 3 fish oil concentrate that has been molecularly distilled via freeze fracturing to purify it off all pollutants such as heavy metals and PCB's.
- Can be administered together with all medication and/or supplements commonly prescribed by vets.
- Contains a proprietary formulation of highly concentrated, highly bio-available and stable liquid form of Ubiquinol
- Neutralizes free radicals and reduces oxidative stress
- Addresses and reverses inflammation
- Helps maintain optimal function of aging kidneys
- Supports overall health and vitality
- Promotes a healthy glossy coat
- Begins to have noticeable effects within 2-4 weeks

TESTIMONIAL

"I would like to publicly thank Dr. Marcovici for marketing Astro's Oil when he did. I have been a customer I guess from almost the beginning! My two Siamese cat littermate-sisters were sent home to die in 2007. I refused to accept that prognosis and started scouring the internet for SOMETHING alternative to try, and found Astro's Oil. That was when the cats were both 12 - and now the one we still have is 21! And the other one lived to be 19-1/2, and we did NOT lose her from CRF. Thanks, Dr. Marcovici, for giving us so many, many more quality years with Ginny and Neffy."

Jill Christopher, DBA, CPD, CVA, CFE
James F. Dicke Professor of Accounting at Ohio Northern University

Astro's Oil™ Renal Care Protein is a supplement designed to help pets with renal disease gain and maintain lean muscle mass. The product is manufactured from white fish that has been enzymatically pre-digested into short chain peptides and free form amino acids. This characteristic ensures that nearly 100% of the product is quickly absorbed into the system.

- 100% natural with no negative side effects.
- Pre-digested, doesn't need to be processed by pets GI Tract
- 100% will be absorbed into pets system within 5-10min when administered on an empty stomach
- As it's being absorbed through the gut it will encourage regeneration of the intestinal cells
- Helps increase and maintain lean muscle mass
- Super concentrated, 96% free form amino acids and very small chain peptides
- Premium Human consumption quality, Kosher certified
- Helps stave off metabolic acidosis
- Excellent supplement for diabetic pets and pets suffering from acute and chronic pancreatitis

Astro's Oil™ Nitrogen-Creatinine Scrub is a supplement that enhances the pet's gut microbiome flora. As the bacteria proliferate they take up nitrogen and creatinine and are then excreted in the stool. It is the only product on the market that can reduce both BUN and creatinine levels and recent studies have found it also lowers serum phosphate level.

- 100% natural with no negative side effects
- Can be mixed into food
- Very palatable
- Promotes GI Tract health
- Closes gaps between intestinal epithelium cells
- Also recommended for Inflammatory Bowel Disease, Leaky Gut Syndrome, Diabetes, and Pancreatitis

FAQ

Are Astro's Oil Kidney Care Products Safe?

Yes, they have been given to pets worldwide for over 12 years with no reported adverse side-effects.

How long should my cat or dog be on Astro's Oil Advanced Renal Care Formula?
